

# NEWS FROM YOUR SCHOOL COUNCIL

SUMMER TERM 2010

This term we applied for "The Houses of Parliament Speakers Award" We had to write about a project that our School Council had thought of, organised and completed. We asked for our school playground to be marked with games for us to play, this has now been completed so we chose that project. We are waiting to hear if we will be entered into the final!

We were asked to help find ways that pupils could give their ideas for school improvements. The School Council have designed posters for their classes to record their ideas on and are currently making post boxes for KS1 & KS2. The council will empty these each term and meet with Mrs Apps to pass these ideas on.

As Cauldwell Lower School gets bigger we will have many more classes in need of a name. The School Council were given the task of finding out if the pupils wanted to remain with the theme of birds or change. The pupils voted overwhelmingly for a change and are currently entering a draw to pick a new theme. This will be drawn during a whole school assembly.

To make sure that all of our pupils are interested in their learning our teachers wanted to know which topics we enjoyed learning about and those we would prefer not to repeat. The School Council representatives are working with their classes to get their opinions and to put forward ideas for topics they would be interested in learning about.
